Best option — = Not recommended. TBD = Values were not available at time of printing. ¹ Full capacity only provided by BLi200X/40-B220X or BLi300/40-B330X. ² Requires BLi backpack batteries ³ Run time refers to the use of two batteries *Requires adapter plate and battery adapter for use with backpack battery. The runtimes are up-to times and correspond to work time using energy saving mode: actual work, basic maintenance and movement/climbing needed for generic operations. Given guidelines are indicative only and may not always be repeatable from one setting to another. Required battery temperature for charging: min. 5 °C max. 40 °C.
